CONDITIONS FOR AWARDING CREDIT FOR THE 5TH YEAR

1. MANDATORY ATTENDANCE AT A MINIMUM OF 12 PRACTICAL EXERCISES

a) Every student is required to attend the practical exercise **ONLY** on the day specified in the schedule according to their study group. If a student needs to attend a practical exercise on a day other than the scheduled one, they may do so only after prior agreement and approval by the instructor on the day of the exercise (absence from practical exercises must be excused).

b) The student MUST BE FAMILIAR WITH THE TOPIC AND ISSUES OF THE CURRENT PRACTICAL EXERCISE; their knowledge may be tested orally or in writing at the beginning of the exercise.

c) 3 or more **ABSENCES MUST BE MADE UP DURING THE 14TH WEEK** (maximum of 2 practical exercises per day). The form of compensation will be determined by the course guarantor/supervisor.

2. SUCCESSFUL COMPLETION OF 1 CREDIT TEST (minimum 60% success rate)

a) The test consists of 40 questions with 4 options and 1 correct answer. The test content will cover the topics lectured on and the recommended literature.

b) Testing will take place on the specified date according to the schedule and will be conducted online via MOODLE.

c) If a student does not achieve at least 60% on the test, they have the right to 2 retake attempts for the test after agreement with the responsible supervisor.

Subject Assessment: If the semester ends with an exam (3rd-year summer semester and 5th-year summer semester), the student must meet all the listed conditions to be allowed to take the exam, and the final assessment will be given on the day of the exam. If the semester does not end with an exam, the student is assessed based on the total score of both tests after fulfilling all conditions.

TEST = FINAL ASSESSMENT

- 40 – 38 points = A
- 37 – 34 points = B
- 33 – 30 points = C
- 29 – 26 points = D
- 25 – 24 points = E
- Less than 24 points = Fx

In accordance with Article 11 of the Study Regulations of the Jessenius Faculty of Medicine (JFMED CU), each subject is assessed according to the above scale.
