LECTURES FOR 4th YEAR FROM INTERNAL MEDICINE – FOREIGN STUDENTS

WINTER TERM 2020/2021

Wednesday 10,30 - 12,00  - Large Lecture Hall - Martin University Hospital

All lectures will be held remotely via online platforms until further notice.

1. Date: 16. 9. 2020
Ischemic heart disease.
Doc. MUDr. M. Samoš, PhD.

2. Date: 23. 9. 2020
Hypertension. Differential diagnosis of primary and secondary hypertension.
MUDr. L. Jamrišková, PhD.

3. Date: 30. 10. 2020
Arrhythmias.
Doc. MUDr. M. Samoš, PhD.

4. Date: 7. 10. 2020
Systolic and diastolic heart failure.
MUDr. L. Jamrišková, PhD.

5. Date: 14. 10. 2020
Inflammatory heart diseases (endocarditis, myocarditis, pericarditis).
Cardiomyopathies.
Doc. MUDr. M. Belicová, PhD.

6. Date: 21. 10. 2020
Most important heart valve disorders (inborn, acquired). Neurocirculatory asthenia.
Doc. MUDr. M. Samoš, PhD.

7. Date: 28. 10. 2020
Thromboembolic disease.
Doc. MUDr. M. Belicová, PhD.
8. Date: 4. 11. 2020
   Doc. MUDr. M. Ochodnický, CSc.

9. Date: 11. 11. 2020
   Bronchial asthma.
   Doc. MUDr. R. Vyšehradský, PhD.

10. Date: 18. 11. 2020
    Chronic obstructive pulmonary disease (COPD).
    Doc. MUDr. R. Vyšehradský, PhD.

11. Date: 25. 11. 2020
    Lung tumors.
    Doc. MUDr. R. Vyšehradský, PhD.

12. Date: 2. 12. 2020
    Diseases of pleura and mediastínum.
    Prof. MUDr. D. Meško, PhD.

13. Date: 9. 12. 2020
    Prof. MUDr. D. Meško, PhD.

14. Date: 16. 12. 2020
    Disorders of the body fluids volume and mineral balance. Disorders of electrolytes and acidobasis balance.
    Prof. MUDr. D. Dobrota, CSc.
PRACTICAL LESSONS FOR 4th YEAR FROM INTERNAL MEDICINE – FOREIGN STUDENTS - WINTER TERM 2020/2021

Monday  Gr. 9, 11 OW, 2 EW  12,30 - 15,30
Tuesday Gr. 4,6 EW  12,30 - 15,30
Wednesday Gr. 1, 5 EW  12,30 – 15,30
Thursday Gr. 3,8 EW  12,30 - 15,30
Friday Gr. 7, 10 EW  10,00 - 13,00

According to actual epidemiology situation – combined and condensed form at the Department of Internal Medicine I

1.- 2. Date: 14. – 18. 9. 2020
Ischemic heart disease, myocardial infarction. Examination of patient. Evaluation of pathological ECG curves.
(Department of Internal Medicine I.)

3. - 4. Date: 28. – 2. 10. 2020
Inflammatory heart diseases (endocarditis, myocarditis, pericarditis). Cardiomyopathies. Most important heart valve disorders. Examination of the patient.
(Department of Internal Medicine I.)

5. – 6. Date: 12. – 16. 10. 2020 TEST
Examination of the patients with diseases of the arteries and veins in the extremities. Peripheral atherosclerosis of lower extremities. Thromboembolic disease.
(Department of Internal Medicine I.)

7. Date: 26. – 30. 10. 2020 TEST
Functional examination of lungs. Practical demonstration. Examination of the patient with chronic bronchitis, asthma bronchiale. Examination of patients with pneumonia and lung tumors.
(Department of Pneumonophthisiology)
TO OBTAIN CREDIT IS NECESSARY TO TAKE PART ON 6 PRACTICAS, 2 TESTS

Additional conditions resulting from the current epidemiological situation
1. All lectures will be held remotely via online platforms until further notice.
2. Practical training will take place in a combined form, in the form of seminars in the hospital training rooms and the inpatient part of the clinic at the necessary time. Until further notice, rotation mode of teaching will be implemented in a condensed content.
3. Thorough registration of students in teaching will be required. Students requiring quarantine due to the presence or suspicion of COVID-19 will be excused from the teaching process.
4. The control of students' results will be realized electronically (MOODLE) and will be registered into AIS (according to the given epidemiological situation).
