Duration of block practical exercises: 10 days, time: 11:00-15:00

Compulsory content of block practical exercises:

Attendance:	11:00-11:10 a.m., seminar room 6/3 dept.
Practical part:	11:10-13:00, departments and outpatient clinics of the Gynecology and Obstetrics Clinic
Theoretical seminar:	13:00-15:00, seminar room 6/3 dept.

Credit conditions:

1. 80% participation in practical exercises,
2. completion of one afternoon emergency service (3:30 p.m. – 6:45 p.m.),
3. successful completion of the theoretical test at the last theoretical seminar: minimum success rate: 67% (10 out of 15 questions),
4. unexcused non-participation in compulsory education is assessed with the classification level Fx (Studijný poriadok JLF UK 29/2014, Article 21(9) and Article 24(5)).

Participation in classes is only possible within the group according to the student's enrollment in the AIS system!

Due to capacity reasons, replacement is only possible in the replacement (15th) week!

During teaching at the clinic, the student must be visibly marked with a name tag, otherwise he will be excluded from the teaching!

Teacher of the practical block part: according to the clinic's weekly schedule
