- For credits – only 1 possible absence (92% attendance)
- Final exam consists of practical exam (during week 13) and theoretical exam
- Dates for theoretical exam will be announced in AIS2 and the students apply for the selected date (limited spaces for each date available)
- In case of more than 1 absence – the substitution could be done during the week 14 of winter term
- In case of serious reasons, which don't allow to attend the practical exam in the week 13, the substitution date will be announced in week 14
