Requirements for Communication in Clinical Practice 2 evaluation.

1. The participation in practicals is compulsory for at least 5-times according to timetable.
2. Check in the course of practicals:
- **Evaluation till the end of 14th week:** active participation in practicals; permanent study check (control questions); examination of patients, case reports and analysis - in written form (specific communication problem solving in different branch of medicine)

Evaluation of the results of running controls:

minimal success 65 %; rating: A/1 = 93 – 100 %; B/1,5 = 86 – 92 %; C/2 = 79 – 85 %; D/2,5 = 72 – 78 %; E/3 = 65 – 71 %, Fx = less than 65 %

Teaching of practicals will be delivered on a face-to-face basis, adhering to the anti-epidemic measures. Teachers and students are required to wear facemasks in classes, regularly wash their hands and comply with social distancing rules. The teaching of practicals must take into account the specifics of the medical branch psychiatry. Teaching will be focused on contact and communication with patients in individual and group form, in the form of ward round with subsequent analysis of cases and presentation of model situations.
