

# REQUIREMENTS FOR AWARDING CREDITS IN MEDICAL BIOLOGY 1 AND 2

## Medical Biology 1 (Winter semester) – 5 credits

1. 100% attendance and active participation on all practical classes is obligatory. Absences due to illness must be confirmed by the medical certification. Missing practical classes (not more than three) must be substituted during substitution week.
2. Students have to pass 2 credit tests. Each test consists of independent parts composed of 20 questions (2 parts in 1<sup>st</sup> test, 2 parts in 2<sup>nd</sup> test). In each question, there are 4 choices (only 1 choice is correct). Limit for passing is 60% of successful answers in each part of the test. Students have two additional chances to retake the test.
3. For awarding the mark in the winter semester, students must obtain 5 credits (successful completing of both credit tests). The final mark is given according to the average % in both credit tests (see table below):

Mark	Percentage
A	90 – 100%
B	82 – 89%
C	74 – 81%
D	67 – 73%
E	60 – 66%
Fx	0 – 59%

## Medical Biology 2 (Summer semester) – 7 credits

1. 100% attendance and active participation on all practical classes is obligatory. Absences due to illness must be confirmed by the medical certification. Missing practical classes (not more than three) must be substituted during substitution week.
2. Students have to pass 2 credit tests. Each test consists of independent parts composed of 20 questions (3 parts in 3<sup>rd</sup> test, 3 parts in 4<sup>th</sup> test). In each question, there are 4 choices (only 1 choice is correct). Limit for passing is 60% of successful answers in each part of the test. Students have two additional chances to retake the test.
3. For awarding the mark in summer semester, students have to pass oral examination. Students randomly choose 3 questions (according to the list of questions for oral exam) and explain the given topics. Examiner will decide about the final mark (if necessary, examiner can ask additional questions).

## REQUIREMENTS FOR FINAL EXAMINATION IN MEDICAL BIOLOGY

- Before signing up for examination, students must successfully pass all credit tests (2 in winter semester and 2 in summer semester).
- Students can sign up for oral examination not later than 24 hours before the examination date.
- Students can sign out for oral examination not later than 24 hours before the examination date.
- Absence on examination can be excused due to serious health problems, only, and not later than 5 days after the exam date.
- Before examination, students are required to present the ISIC card.
- Each student has two additional chances to retake the oral examination.
